JOGNN SUBJECT INDEX

Volume 32

A
Adolescents
dating violence, lit review, 227
depression: nursing interventions for, 239
health issues, guest editorial, 226
promoting safer sex behaviors amc. Latino adolescents, 258
psychosocial correlates of HIV risk behavior in, 94
situation factors in college students' safer and risky sexual encounters, 612
teen pregnancy: nursing interventions for, 249
teen pregnancy: weekend birth and high neonatal mortality, 724
teenagers' strategies for dealing with perinatal violence, 58
African American women, coping strategy after pregnancy loss, 28
Alcohol use, during pregnancy: screening instruments related to, 437
Alternative therapy, herbal therapy use by perimenopausal women, 181
Analgesia and anesthesia
effect of ultra low dose epidural analgesia on newborn breastfeeding behaviors, 322
impact of sedation on neonatal development, 393
using during labor and birth: implications for mother and fetus, 780
Annotated bibliography
of women's health across the life span, special report, 370
of women's health in pregnancy and childbirth, special report, 761
Antiretroviral therapy
art of caring for pregnant women with HIV infection, 102
gynecologic care for HIV-infected women, 92
Assessment tools
Breastfeeding Self-Efficacy Scale, 734
interview guide for teenagers' strategies for dealing with perinatal violence, 58
Neonatal Infant Pain Scale, 199
Newborn Individualized Development and Assessment Program, 387
screening instruments related to alcohol consumption in pregnancy, 437
Assisted reproductive technologies, decision making regarding multifetal reduction, 357
Autoimmune conditions
caring for women living with Sjögren's syndrome, 589
See also HIV

B
Bacterial vaginosis
gynecologic care for HIV-infected women with, 87
risk from vaginal douching, 12
Birth defects, fetal alcohol syndrome, lit rev, 215
Breast binding *vs.* support bra, for non-breastfeeding postpartum mother, 332
Breastfeeding
breastfeeding promotion campaign in Mississippi, 753
comparison of hydrogel dressings to lanolin ointment, 486
effect of knowledge, breastfeeding confidence, and infant feeding plans on actual feeding practices, 40
effect of ultra low dose epidural analgesia on newborn breastfeeding behaviors, 322
issues concerning HIV infected mother, 117
measuring breastfeeding self-efficacy, 734

C
Cervical dysplasia, gynecologic care for HIV-infected women with, 87
Cesarean birth
for older mother, lit review, 19
impact of collaborative management and early admission on, 147
induced labor risk of, 767
rate of, editorial, 281, 283
Childbirth
analgesia and anesthesia during labor and birth: implications for mother and fetus, 780
annotated bibliography of findings on women's health in pregnancy and childbirth, special report, 761
annotated bibliography of women's health in pregnancy and childbirth, special report, 761
changes in labor and birth nursing practice, editorial, 765
teen pregnancy: weekend birth and high neonatal mortality, 724
. *See also* Cesarean birth; Labor; Labor support
Clinical practice guidelines
caring for women living with Sjögren's syndrome, 589
deep tendon reflexes assessment, 297, 557
home visit program for early discharge: patient satisfaction with, 190
homeopathy and women's health care, 207
implementing Neonatal Infant Pain Scale, 199
integrating Rubin's framework with social support theory to improve labor and birth outcomes, 76
managing hot flashes during menopause, 455
noise and the premature infant, lit review, 447
safe criteria and procedure for Kangaroo Care with intubated preterm infants, 579
screening instruments related to alcohol consumption in pregnancy, 437
stages of change-based nursing interventions for victims of domestic violence, 68
Complementary therapy, homeopathy and women's health care, 207
Contraception, gynecologic care for HIV-infected women with, 87
Coping strategy, for African American women after pregnancy loss, 28

D
Decision making
in hormonal and nonhormal remedies for menopausal transition, lit review, 712
in multifetal reduction, 357
in prenatal screening, letter, 286
Depression
comparison of health practices of women in inner-city and small urban communities, 313
nursing interventions for depression in adolescents, 239
Developmental care
factors influencing language development in preterm infants, 402
guide for effective developmental program in NICU, 379

Homeopathy, and women's health care, 207
Hormone replacement therapy
decision making about hormonal and nonhormonal remedies, lit review, 712
herbal therapy use by perimenopausal women, 181
letter, 285
Human papillomavirus, gynecologic care for HIV-infected women with, 87
Hyperemesis gravidarum, letter, 435
Hypoglycemia, using birth weight for gestational age to predict risk for full-term newborn, 48

I
Infant loss, interconceptional counseling after perinatal and infant loss, 533
Infants
co-bedding *vs.* single-bedding premature multiple-gestation infants in incubators, 340
effect of knowledge, breastfeeding confidence, and infant feeding plans on actual feeding practices, 40
feeding issues in developed and developing countries, 117
infant weight and gestational age effects on thermoneutrality in home environment, 745
using birth weight for gestational age to predict hypoglycemia risk for full-term infant, 48
very-low-birth-weight infant developmental care case study, 387
See also Neonatal care; Premature infants
Infectious disease
human papillomavirus: gynecologic care for HIV-infected women with, 87
lived experience of nurses caring for newborns with sepsis, 348
neonatal HIV, 109
prevention and treatment of vulvovaginal candidiasis, lit review, 287
Interconceptional counseling, after perinatal and infant loss, 533
Intimate partner violence, critical pathway for intimate partner violence across the continuum of care, 594
Intrapartum nursing
analgesia and anesthesia during labor and birth: implications for mother and fetus, 780
changes in intrapartum nursing practice, editorial, 765
integrating Rubin's framework with social support theory to improve labor and birth outcomes, 76
intrapartum emergencies, 802
labor nurses view of their role, 814
trends and issues in labor induction in the United States, 767
Involuntary pregnancy loss. *See* Pregnancy loss

K
Kangaroo Care
criteria and procedure for using with intubated preterm infants, 579
mother-newborn contact in randomized trial, 604
Kinnick, Virginia, editorial, 711

L
Labor
analgesia and anesthesia during labor and birth: implications for mother and fetus, 780
impact of collaborative management and early admission in labor on delivery method, 147
intrapartum emergencies, 802
preterm labor and birth: nursing's contribution to literature, 659
preterm labor and birth: research in past two decades, 638
trends and issues in labor induction in United States: implications for clinical practice, 767
See also Childbirth; Labor support
Labor support
changes in labor and birth nursing practice, editorial, 765
integrating Rubin's framework with social support theory to improve outcomes, 76
labor nurses view of their role, 814
second stage of labor: implications for nursing care, 794
Language development in preterm infants, factors influencing, 402
Latino adolescents, promoting safer sex behaviors among, 258
Low birth weight
achievements and challenges across the spectrum of care for preterm infants, 683
multidisciplinary research on, 638
preterm labor and birth: nursing contribution to literature, 659
preterm labor and birth: research in past two decades, 638
reducing risk for low birth weight through pregnancy smoking cessation, 676
using birth weight for gestational age to predict hypoglycemia risk for full-term infant, 48

M
Maternal-fetal attachment
comparison of health practices of women in inner-city and small urban communities, 313
See also Mother-infant interaction

Menopause management
decision about hormonal and nonhormal remedies, lit review, 712
herbal therapy use by perimenopausal women, 181
managing hot flashes, 455
Menstruation abnormalities, gynecologic care for HIV-infected women with, 87
Midwifery, collaborative management and early admission impact on delivery method, 147, 151
Mother-infant interaction
contact in randomized trial of Kangaroo Care, 604
factors influencing language development in preterm infants, 402
safe criteria and procedure for using Kangaroo Care with intubated preterm infants, 579
See also Maternal-fetal attachment
Motherhood, transition to, lit review, 465
Mothers
breast binding *vs.* support bra: for nonbreastfeeding postpartum mother, 332
hydrogel dressings and lanolin ointment comparison with lactating mothers, 486
posttraumatic stress symptoms in mothers of premature infants, 161
postpartum women's perceptions of hospital environment, 478
Multifetal reduction, variables influencing decision making in, 357
Multiple gestation
co-bedding *vs.* single-bedding premature multiple-gestation infants in incubators, 340
decision making regarding multifetal reduction, 357
very-low-birth-weight infant developmental care case study, 387

N
Neonatal care
co-bedding *vs.* single-bedding premature multiple-gestation infants in incubators, 340
effect of ultra low dose epidural analgesia on breastfeeding behaviors, 322
HIV exposure, 109
impact of sedation on neonatal development, 393
implementing Neonatal Infant Pain Scale, 199
lived experience of nurses caring for newborns with sepsis, 348
mother-newborn contact in randomized trial of Kangaroo Care, 604
using birth weight for gestational age to predict hypoglycemia risk for full-term newborn, 48
very-low-birth-weight infant developmental care case study, 387
weekend birth and high neonatal mortality, 724
